Choose from one of our complimentary cameras at no additional cost.

Works with any IP camera **100+ Brands**

High-End Camera Line-Up

4K cameras

5MP & 12MP Fisheye

4MP PTZ with 25x optical zoom

Panoramic Bullet

Multi sensor cameras

Coram Point: Plug & Play

No firewall or port forwarding required

10 minutes setup and fully managed via cloud dashboard

30, 60, 90 days of storage (continuous 24/7 recording)

Coram Point is required to use Coram AI cloud dashboard

Up to 16 cameras

Up to 32 cameras

Up to 80 cameras

Coram Point Mini

Ultra Efficient AI CCTV Workhorse

Rugged, Reliable, Mini Form Factor

No Compromise on Physical Security

Supports Up to 4 IP Cameras

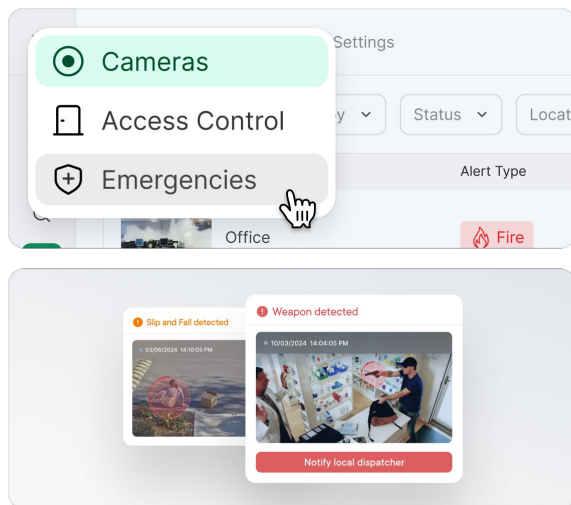

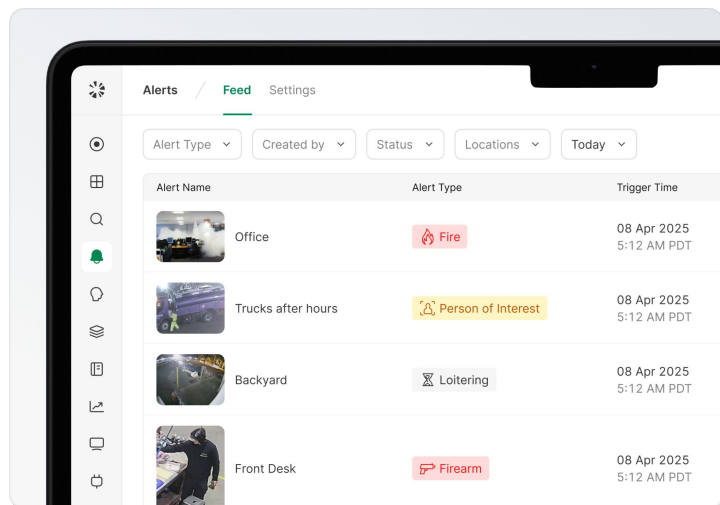

Same Transparent Licensing

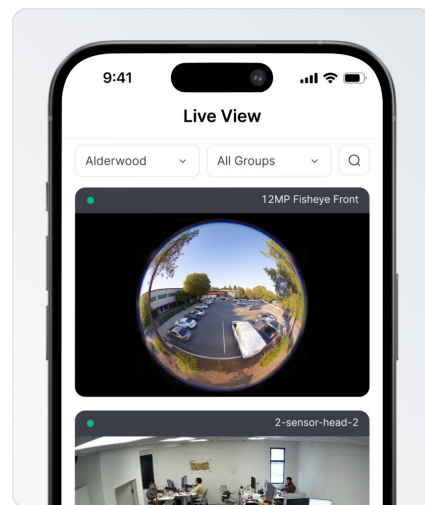

Unified Cloud Dashboard

Single pane of glass for all cameras, across locations

Web browser

Android & iOS app

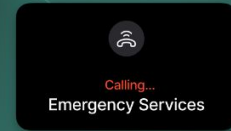

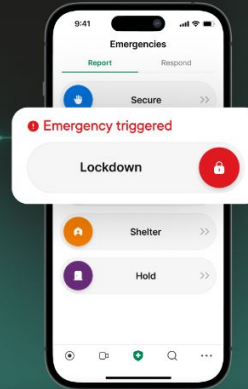

Emergency Management System

Manage every crisis:

- 1 Mobile first design
- 2 Live group chat
- 3 From first alert to full resolution
- 4 Highly customizable alerts

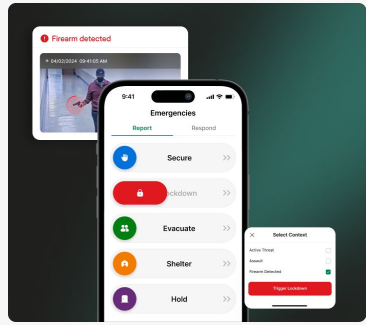

Command Center for Crises

Step 1 •

Proactively Detect and Trigger Alerts

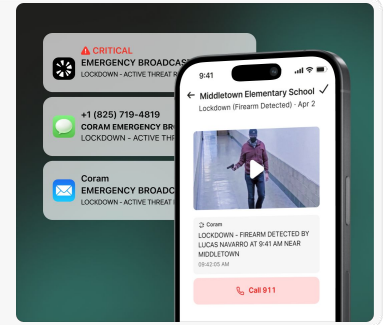

- ✓ Panic button at your fingertips

Step 2 •

Broadcast Alerts Without Delay

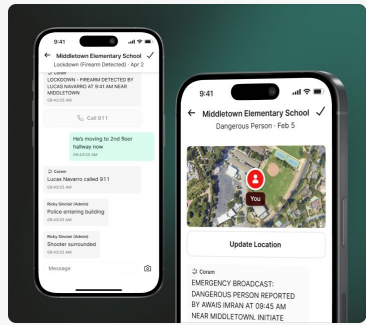

- ✓ Alerts broadcasted in real-time. By passing silent mode

Step 3 •

Coordinate the Response Live

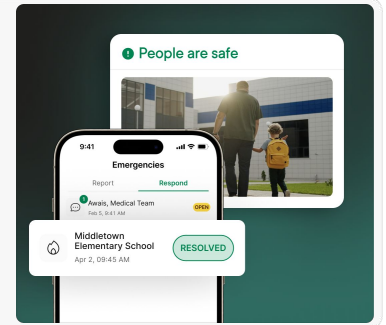

- ✓ Two-way chat interfaces keeps everyone in the loop

Step 4 •

Resolve Safely, Reunify Smoothly

- ✓ Account for every individual once the emergency is resolved

Coram EMS

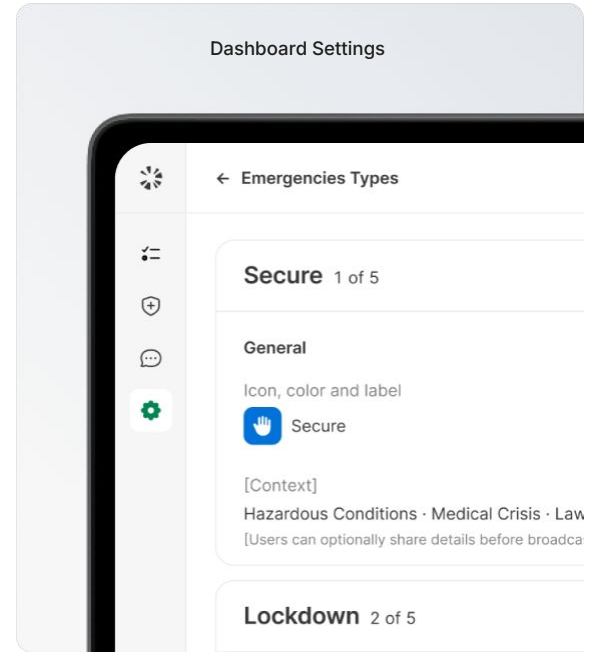

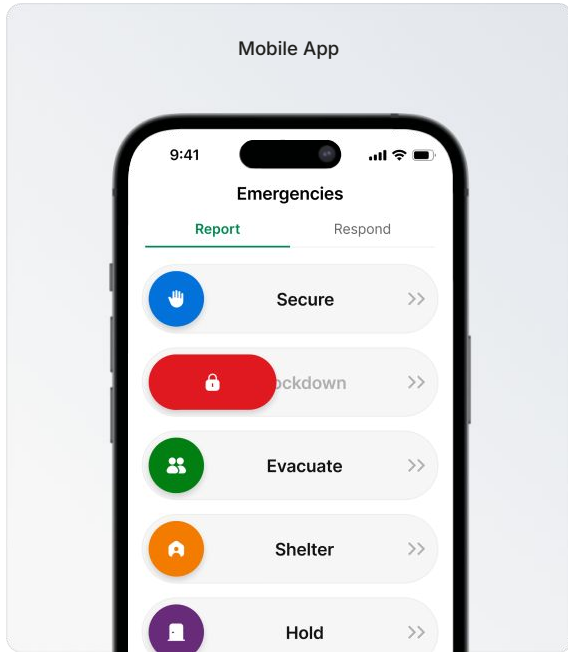

Identify, Manage and Resolve Emergencies

Proactively Identify Threats with AI

One-Tap Emergency Actions

Lockdowns, Sirens and Deterrents

Deep Customization

Coram is the Platform of Choice

All-in-One Platform

01. Unified video security, access control, and EMS
02. Single vendor for hardware + software
03. Compatible with any IP camera - no vendor lock-in
04. Expanding fast: Intercoms, Sensors, Panic Buttons coming soon

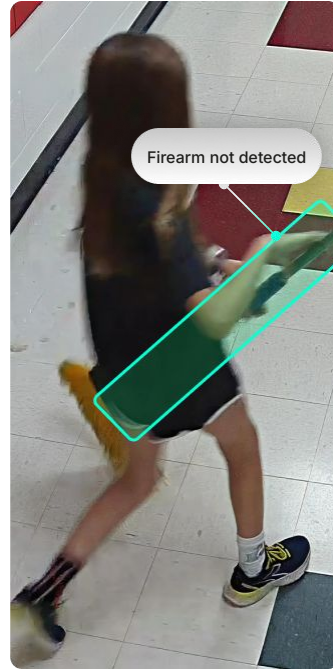

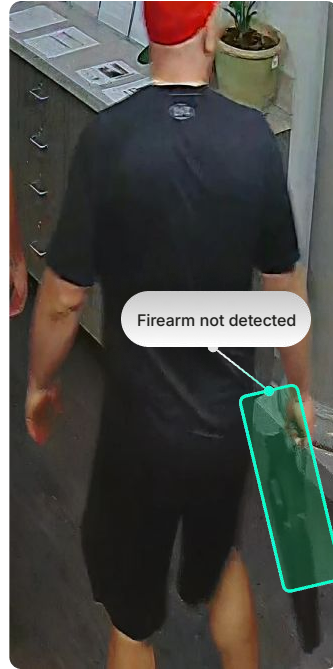

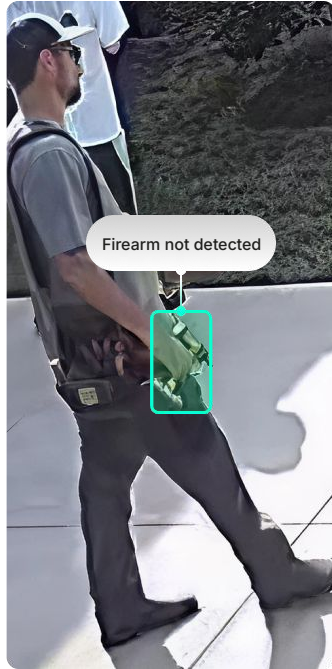

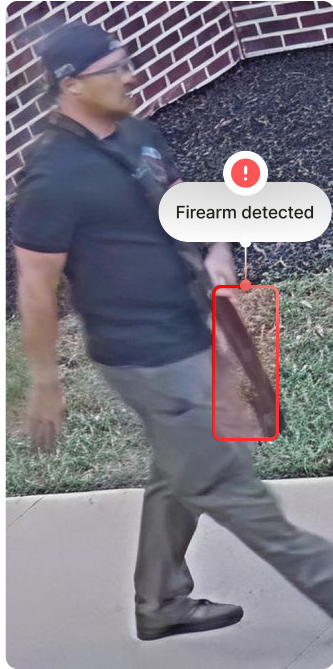

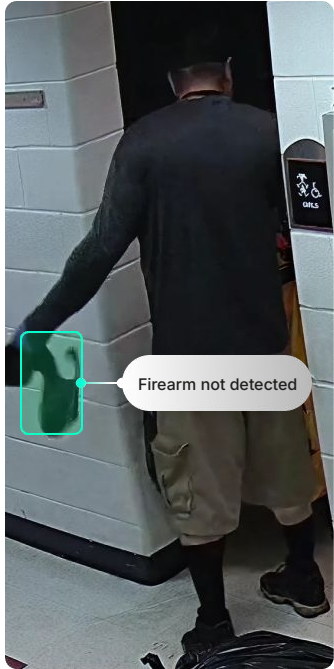

Intelligence That Protects

01. Instant safety alerts:
 - ✓ Slip & fall
 - ✓ Missing PPE
 - ✓ Firearm detection
02. Natural language video search
03. Cross-camera tracking
04. Face recognition & license plate reading

Support That Wins Loyalty

01. Customers love our responsive, expert support
02. Built with top cybersecurity standards
03. Clear, comprehensive documentation

Can you beat AI?

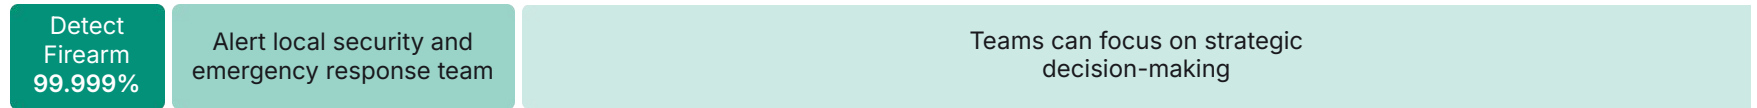

Why pick Coram's Weapon Detection

	C  R A M	 ZEROEYES™	 omnilert®
Weapon Detection	✓	✓	✓
Full Video Surveillance	✓	✗	✗
License Plate Recognition	✓	✗	✗
Face Detection	✓	✗	✗
Track people across cameras	✓	✗	✗
Text based search	✓	✗	✗
Safety alerts (slip and fall, smoke and fire, PPE missing)	✓	✗	✗

Minimizing human interaction in security alerts is vital for speed and accuracy

Human verified weapon detections

AI Firearm Detection vs Metal Detectors

Feature	AI Firearm Detection	Metal Detectors
Smooth traffic flow	✓	✗
No extra staff needed	✓	✗
Instant video alerts	✓	✗
Wide-area coverage	✓	✗
Scales easily (add cameras)	✓	✗
Simple software upkeep	✓	✗
Detects all metallic threats	✗	✓
Strong visual deterrence	✗	✓
